## DOG WALKING RAISES MONEY FOR SHELTER

Cumberland - Taking your dog for a walk is now not only good for you and your dog, it raises money to support all pets at the Allegany County Animal Shelter. The **Take your Walk for a Dog** program is a revolutionary dog-powered fundraising tool for animal shelters that uses a free mobile App to promote healthy pets and healthy humans while raising money to support local shelters. The Allegany County Animal Shelter is partnering with WoofTrax, Inc., to introduce and promote the App in this area. "You walk your dog anyway," says Mike Katz, Director of Community Relations for WoofTrax. "Now, for every mile you walk, we donate to your local animal shelter." The app is available for both iPhones and androids and is available at [www.wooftrax.com](http://www.wooftrax.com).

One of the key developers of the Take your Walk for a Dog program is the "WoofDriver," a world famous dog-powered sporting lifestyle expert. WoofDriver focuses on new and exciting ways to exercise, train, and spend time with your dog. You can see videos of the WoofDriver in action at [Wooftrax.com](http://Wooftrax.com).

"Dog owners in our community can now support us simply by walking their dogs," commented Tina Rafferty, executive director at the Allegany County Animal Shelter. "Proceeds directly benefit the many homeless animals that come to our local shelter each year and support the ongoing good work that our local shelter does in our community."
